

Making the Move from Kinder to Foundation

Making the transition from Kindergarten to Foundation can be an exciting time for children and their families. At GSPS we understand this can be a new and challenging experience.

To ensure a smooth and supported transition for students we offer a series of four transition sessions conducted over Term 4.

Students attend for one and half hours and get to participate in a variety of activities linked to experiences students will have in their Foundation year.

Our program will enable you and your child to gradually feel at ease with the new surroundings and therefore more comfortable with beginning school.

We look forward to meeting your child and getting to know your family.

Transition Program Includes

Fostering Emotional Intelligence

*Instilling in children
the skills of:-*

- * *Self Awareness*
